

Application serial No. 09/611,447  
Office Action dated September 9, 2005  
Response dated November 2, 2005

### **REMARKS/ARGUMENTS**

In response to the Final Action, the examiner has rejected the claims, but suggested that an amendment to the claims to reflect a *label* as taught and supported in the specification will overcome the rejection. Accordingly, each of the independent claims have been amended to include the limitation: "said label representing an ingress to egress mapping". Support for this amendment can be found on page 3 and 10 of the specification.

No fee is believed due for this submission. However, Applicant authorizes the Commissioner to debit any required fee from Deposit Account No. 501593, in the name of Borden Ladner Gervais LLP. The Commissioner is further authorized to debit any additional amount required, and to credit any overpayment to the above-noted deposit account.

We believe the application is now allowable, and allowance is hereby requested. An examiner interview is hereby requested if the Examiner is not in agreement.

Respectfully submitted,

**WANG, Guo-Qiang et al**
